

AIR AND GROUND AVIATION LTD QUALITY MANAGEMENT SYSTEM	SECTION PAGE NO DATE OF ISSUE REVISION NO DATE OF REVISION	POL 1 OF 1 21/09/17 NEW -
TITLE OF SECTION QUALITY POLICY		

### Quality Policy

1. The purpose of Air and Ground Aviation Limited is to supply products and services through effective implementation of its quality management system and delivery of its core values which are:
  - ✓ People
  - ✓ Performance
  - ✓ Process
  
2. The Director / General Manager of Air and Ground Aviation Limited are committed to the development, implementation and continual improvement of the Quality Management System.
  
3. Air and Ground Aviation Limited commit to satisfy all applicable requirements outlined in AS9120 B and ISO 9001:2015 in addition to any customer, statutory and regulatory requirements.
  
4. A risk based approach is utilised when establishing and reviewing the quality objectives. Objectives are based upon 'top priority' business activities and when combined with the strategic direction of the business, help create objectives appropriate to the purpose and context of the organisation and that support its strategic direction.
  
5. The quality policy is communicated throughout the company to ensure that all employees of Air and Ground Aviation Limited are aware of the values of this policy statement.
  
6. The policy is reviewed for continuing suitability during the management review alongside reviews of Context of the Organisation, Interested Parties, and the Quality Objectives.

Mr Todd Mihajlovic,  
General Manager
